MRS. ILEY BRINKLEY IN THE LEAD

With Several Thousand Votes to Spare—Miss Velma Morton Second

CONTEST GETTING WARM

There is a new leader in the Bee's Ohio River contest this week. Mrs. Iley Brinkley of this city comes to the front with a handsome lead. Miss Morton, of White Plains, is second, Miss Arrie Loving, of Morton's Gap, third, Miss Nina Williams, of Iley, fourth, Miss Bradie Dame, of Nemo, fifth, and Miss Lena Davis, of this city, sixth. The contest is getting considerably warmer and more interest is being displayed each week. The handsome diamond ring and ladies gold watch have put more life in the work as any one would be glad to have either of these handsome prizes.

Remember it is only eight weeks until the close of the contest and it behooves every contestant to keep busy all the time, remembering that it is utterly impossible to win the diamond ring, or the trip unless they work and seize every opportunity to get new subscribers and renewals for the Semi-weekly Bee.

MORE WHIPPINGS ARE REPORTED

John Beshears One Victim Whipped Second Time

OTHERS REPORTED WHIPPED LIVED AT HOPKINSVILLE

It is reliably reported that John Beshears, white, about 40 years old, of Concord Church neighborhood was whipped Saturday night by a party of men and ordered to leave the country. This is said to have been the second whipping and warning administered to Beshears. The reason alleged to have been given by the "regulators" was that he was charged by them with failure to support his family. It is reported that Beshears has gone. It is said that the leaves and bushes at the scene of the whipping were splattered with blood indicating that Beshears was severely treated, and that after the whipping he was ordered to leave and that the mob fired many shots as he got away.

George Gillard and wife and a woman named D. H. Scott are also said to have been whipped near Hopkinsville Saturday night. These three are said to have been taken from their home at Hopkinsville, whipped and ordered to leave. It is said they have left Hopkinsville.

AFTER THE COLLEGE STUDENT

Special Organization to be Started by Wholesale Liquor Dealers.

The old spirit of 1776 will certainly be "revived and kept green" if the budding organization which is to safeguard the rights of whisky in college circles is ever able to bloom. The publicity department of the National Wholesale Liquor Dealers' Association, at 301 United Bank Building, Cincinnati, informs a Western student that the new organization will be devoted to "facts and truths, instead of fanaticisms." It is to be an effective counter to the Intercollegiate Prohibition Association.

The Western student who received this correspondence is asked to "please advise us how many students there are in your institution who are inclined to be anti-prohibitionists."

Notable Convention Closes

The most notable convention in twenty years history of building and loan associations in Kentucky, transpired in Louisville last Thursday and Friday when the Kentucky League of Building and Loan Association held its annual convention there.

Efforts will be made to organize such associations in practically every county in the state to advocate co-operation between farmers, factory people, home builders and purchasers, so successful have been the Kentucky associations in stimulating home building, and the seven Louisville associations have agreed to furnish without cost copies of their constitution and by-laws to new organizations.

GERMAN REPLY DECLARED UNWORTHY OF A GREAT NATION

Guilty of Murder on the High Seas, Says C. W. Barron—Heard the President say "Halt" and says Germany Will "Halt" or be Halted

Boston—Clarence W. Barron, of the Boston News Bureau, interviewed by the Boston Post on Germany's reply to the United States, said: "The reply of Germany is unworthy of a great nation. It says nothing relevant to the case, except that after thorough investigation it has information that the Lusitania had cannon aboard which were mounted and concealed below deck."

"If this were true information, Germany would probably not have withheld her 'final decision,' nor would it be necessary for her to give the 'definite report' of her submarine commander that the quick sinking of the Lusitania is primarily attributed to the explosion of the ammunition shipment caused by a torpedo."

"Note the usual German logic in that word 'primary.' The invasion of Belgium was, by the same logic, primarily caused by an English plan for Belgium's defense discovered by the Germans after their destruction of Louvain."

"The United States' signature is on The Hague Conventions that Germany trampled underfoot. She has now violated the laws of Nations for the high seas and slain 100 defenseless Americans, every man, woman and child of whom was the equal of the Kaiser under our law and as fully entitled to the protection of International Law."

"I have read over several times the manifest of the small amount of express freight on that passenger ship, and the Kaiser had no more right to kill those women and children because there were cases of cartridges aboard than because there were several packages of copper and barbed wire aboard. All are equally contraband articles, but give no cause under International Law for murder on the high seas."

"If Germany had the right to kill Americans on an unarmed merchant ship to destroy those cartridges, she has a right to kill a hundred millions of Americans to destroy the articles, contraband of war, we are making in the United States, under the same international law and war rules by which Germany has always made them for warring nations heretofore."

"The President said and says 'Halt.' Germany should know the next command. 'I was in Washington when he said it. I saw the lights burning brightly by night in the White House, and I knew the President's jaw was set. Anybody could see it as he passed in the streets. Germany will 'halt' or be halted."

Reduced Rate on Coal to Nashville Upheld

Order of the Interstate Commerce Commission reducing coal rates on the Louisville & Nashville from mines in Kentucky, Alabama and Tennessee to Nashville from \$1.00 to 80c per ton was upheld by a decision of the Supreme Court of the United States this week. The railroad was also required to provide switching arrangements for interstate shipping of coal from Nashville to all roads. This decision affects materially the question of switching coal to industrial plants in the city of Nashville and it is claimed will open the terminal and switching facilities to all roads and shipments reaching Nashville.

Federal Decision on State Liquor Law

That the State cannot lawfully regulate the sale of liquor within their boundaries when the same embodies a delivery and transportation of Interstate Commerce was the decision of the Supreme Court of the United States this week. The court setting aside conviction of Tony Rossi, Lowellville, Ohio, or violating the liquor law in Pennsylvania of selling liquor without license. Rossi took an order for liquor in Hillville, Tenn., just across the Ohio line. The court expressly stated that as the case arose before the passing of the Webb-Kenyon act the statute of that law was not affected.

MAIL PAY CASE MAY BE REARGUED

Washington—Chief Justice White in the Supreme Court announced that the so called railway mail pay divisor cases, in which the railroads of the United States are suing the Government for \$35,000,000 alleged under payment, and which was submitted to the court a month ago, will be reargued next fall.

Justice McReynolds could take no part in the case because he was Attorney-General when it first came up. This left eight judges, and lawyers assumed that the order for reargument meant the Supreme bench was evenly divided.

BAIL REFUSED JAS. ROBINSON

In Bostown Murder Case After All Day Session—Defendant Claimed to Know Nothing of Murder

GROVER TODD TRIAL TODAY

Motion for bail for James Robinson one of the men under indictment and charged with wilful murder in the Woodruff-Hoard murder case, was heard yesterday before Gordon, who, at the conclusion of the testimony, overruled the motion of Robinson for bail. Robinson testified he knew nothing of the murder until the next morning at 9 o'clock, when a man named Smith rode by and told them the news. When questioned as to why he did not go to Woodruff's house when he did hear of the murder, Robinson said: "He never liked to go around dead bodies and thought he would only be in the way. Judge Gordon set Thursday, June 10, at Princeton, to hear the argument for bail for Oscar Hamilton another who is indicted as an accessory before the fact and it is thought that the case of Grover Todd for bail will be heard at the same time as circuit court will be in session at this time. C. S. Bookwalter has not yet been indicted and is said to be in Canada."

PROHIBITION IS COMING

So Big Chicago Hotel Closes on Sunday

The Blackstone, one of the best hotels in Chicago, has decided to obey the Sunday closing law.

"Prohibition is on its way in the United States," said Manager Drake to a Chicago Tribune reporter. "The Blackstone hotel is prepared to meet it graciously and not combatively. When the hotel was planned we recognized that prohibition was bound to come and planned our bar arrangements accordingly, so needed changes may be made easily when prohibition arrives. As a result we are in a position to be less hurt financially by the arrival of prohibition than any other hotel in the United States."

HOPKINS COUNTY MEDICAL ASSOCIATION

Holds Interesting Session in Madisonville Thursday

The Hopkins County Medical Association held an interesting session in Madisonville Thursday. Practically all members were present. Dr. McCormick, of Bowling Green, attended the afternoon session and at night delivered a splendid address on "Public Health" to a well packed house.

Bloomer Women.

The Bloomer Women who are touring the country, ostensibly to play ball, are certainly a hefty looking bunch and should be able to swat the cover from the sphere. But some how or other they do not seem to be able to connect, and if the game played at Madisonville Thursday is a sample of their playing, it is our private opinion the whole bunch is afflicted with the deadly hook worm.

Extra Session Unlikely

The debonair J. Hamilton Lewis, Senator from Illinois, knows how to get his name in print, and his latest exhibition of skill in that direction came through the suggestion that there should be an extra session of Congress in October. The peaceful serenity of the nation will likely not be disturbed by the reassembling of Congress prior to the regular time next December Congress under a single roof is the biggest noise in the new world; and just now while every body is trying to "keep quiet and keep cool" all will join in the wish that the members of the two houses may have a nice, quiet vacation, and make just as little noise, individually, as they possibly can. The President is not at all likely to call an extra session in the fall.

WOMAN COULD HARDLY STAND

Because of Terrible Backache. Relieved by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa. - "I suffered from displacement and inflammation, and had such pains in my sides, and terrible backache so that I could hardly stand. I took six bottles of Lydia E. Pinkham's Vegetable Compound, and now I can do any amount of work, sleep good, eat good, and don't have a bit of trouble. I recommend Lydia E. Pinkham's Vegetable Compound to every suffering woman." - Mrs. HARRY FISHER, 1625 Doughton St., Nicetown, Pa.

Another Woman's Case. Providence, R. I. - "I cannot speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement bearing down and backache, until I could hardly stand and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends." - Mrs. ABEL LAWSON, 126 Lippitt St., Providence, R. I.

Danger Signals to Women are what one physician called backache, headache, nervousness, and the blues. In many cases they are symptoms of some female derangement or an inflammatory, ulcerative condition, which may be overcome by taking Lydia E. Pinkham's Vegetable Compound. Thousands of American women willingly testify to its virtue.

HUNDREDS RUSH TO GET TANLAC

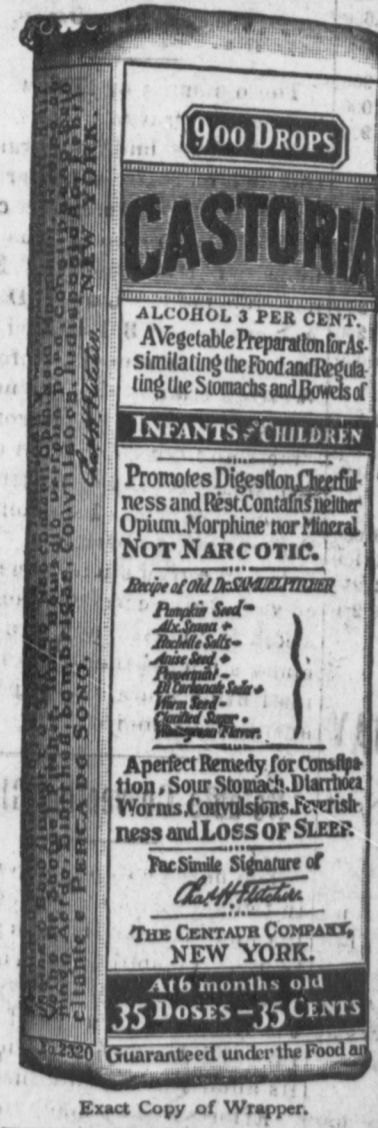

Cooper Besieged With Callers Who Want Famous Medicine.

Louisville, Ky., June 4th - Hundreds are now calling almost daily to meet L. T. Cooper, the noted visitor, and to find out just how his famous medicine, Tanlac, is sold, how it is prepared and what the preparation actually looks like. In commenting upon the rush to meet Mr. Cooper and obtain his celebrated medicine, the manager of the Taylor-Isaacs store, said: "The success of the opening of the introductory sale of Tanlac exceeded our expectation. We have been agreeably surprised by the knowledge the public seems to have of the preparation. While many came just to meet Mr. Cooper and see what the medicine really looked like, equally as many came prepared to obtain the preparation. These people simply asked for Tanlac, and the facility with which the medicine was distributed throughout the day proved somewhat of a revelation to many of our older men." Mr. Cooper said: "I am, indeed, gratified to see such marked enthusiasm, and I feel justified in predicting that Tanlac will prove just as successful in Louisville as it has in the larger cities. I do not believe

that I am overestimating the success of the medicine when I state that I am confident that from three to five thousand people will call and obtain Tanlac during this week. Mr. Cooper was asked about the charitable work he intends to perform in Louisville. He replied: "Yes it is true that I have written the Associated Charities asking that organization to furnish me as soon as practicable, with the names and addresses of at least fifty of the most deserving poor families of your city, whom I propose to help. I have also written St. Joseph's Orphan's home, offering certain contributions. I shall communicate with similar institutions within a few days with the view of endorsing their noble efforts by assisting them in some substantial way."

"In conformity with my usual custom of encouraging the hospitals I will make special concessions with reference to supplying such institutions of your city with Tanlac, as I consider the preparations a superior tonic in all cases of convalescence." The famous medicine, Tanlac, can now be bought at Geo. King & Sons at Earlington and St. Charles, Ben T. Robinson, Mortons Gap, and The City Drug Store, Nortonville Ky.

WELL-KNOWN KENTUCKY WOMAN SPEAKS.

A BOON TO WOMANKIND.

Wales, Ky.—"I take great pleasure in announcing to the public the great benefits I received from the use of Dr. Pierce's medicine."

"I had that dreadful disease, woman's trouble, which caused such bearing-down pains, burning sensation, and dull feeling in my head that I became a nervous wreck. I had five doctors to treat me, all to no avail. I had given up to die and to leave my dear husband and five little girls to the mercy of this world, when at last my husband begged me to try Dr. Pierce's medicine. I weighed 118 pounds when I began their use. I used 18 bottles of 'Favorite Prescription' and 'Golden Medicine Discovery' and four or five boxes of 'Lotion Tablets.' At the end of the treatment I was well and weighed 163 pounds."

Mrs. RACHEL TACKITT.

When a girl becomes a woman, when a woman becomes a mother, when a woman passes through the changes of middle life, are the three periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances.

At these critical times women are best fortified by the use of Dr. Pierce's Favorite Prescription, an old remedy of proved worth that keeps the female system regulated and in condition.

Mothers, if your daughters are weak, lack ambition, are troubled with headaches, lassitude and are pale and sickly, Dr. Pierce's Favorite Prescription is just what they need to surely bring the bloom of health to their cheeks and make them strong and healthy.

Appearance

You can't most always sometimes tell
What sort of luck will turn out well.
The horse that's got the hand some face
Is not dead sure to win the race.
The sleepy mule that looks most sick
Has always got the hardest kick
The king who comes in from the woods
Delivers, oftentimes, the goods
The woman with the eyes and hair
Has seldom any brains to spare.
The finest lookin' bill of fare
With solid eats is seldom there.
The dapper chap with glossy tite,
Is short on dough, though long on style.
The feller with the loudest talk
Is sure, when duty calls, to balk.
Be from Missouri, 'tis as well;
You can't most always sometimes tell.
